The Fourth Guide of the Fortunate Eon

Fourth guide of the Fortunate Eon, King of the Shakyas;
sole deity of beings in the degenerate age, Orgyen Padmasambhava;
in this realm, the glorious Drukpa of peerless compassion;
with the Three Roots and the oath-bound hosts — from the centre of my heart you come to mind.

We, of shared karma and aspiration, vajra brothers and sisters,
the offering clouds of noble Samantabhadra's aspiration,
with songs of longing from unceasing faith, we offer:
bless us to attain the supreme and common siddhis!

Outwardly, an arena of song and dance where joy and happiness meet;
inwardly, a mansion of offering clouds that delights the Victorious Ones.
Fortunate men and women gathered in this supreme place,
let us make an aspiration to be liberated together as one!
